SUMMARY

My name is Anthony Mwenyo, and I am a full-stack web developer, with a passion for software product results and a solution-oriented approach. I would love to work as a web developer in both the frontend as well as the backend of a startup company that is ambitious about innovation and having a satisfied clientele.

SKILLS

Front-End: JavaScript, React JS, Redux, TypeScript, Pug, HTML5, CSS3, Tailwind CSS, Material-UI and Bootstrap 5.

Back-End: Ruby, Ruby On Rails, Node JS, Express JS, Mongo DB, PostgreSQL, PHP, SQL, and MYSQL

Tools & Methods: Git, GitHub, Heroku, Netlify, RSpec, Jest, TDD, Figma, and the amazing VS Code IDE

Professional: Remote Pair-Programming, Teamwork, Mentoring, System Analysis, and Design, SCRUM and Responsive Design

EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Full Stack Web Developer

March 2022– Present

Tunespot - Music website has the functionality of creating user accounts, and playlists, adding reviews on particular songs, searching music based on genres, and many more.

- Built with: Typescript, React JS, Redux, and Tailwind CSS.

Space Travellers Hub - This is a Space Travellers' website for making rocket reservations based on SpaceX API. It represents a fictional company that provides commercial and scientific space travel services.

- Built With: HTML, CSS, Javascript, Webpack, API.

Global Census - This is a web app that displays census metrics data for all the countries in the world from 1960 to 2018. And it has the functionality of searching for a specific country using the search bar.

- Built with: JavaScript, HTML, CSS, React, Redux, and Rest API.

EDUCATION

MICROVERSE

March 2022 – October 2022

Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

Copperbelt University,

February 2015–December 2018.

Information Technology Diploma.

- I implemented “Career-Aid” an online discussion forum for student learning.
